SCHOOL HOLIDAY

Community Activity Guide

+

COLOURING in BOOK

Think outside the box

You might assume that there's no fun, free activities in your area because you haven't heard about them through word-of-mouth, or seen it advertised on Facebook. But if you think outside of the box, you might stumble across some really cool experiences!

To embrace and make the most of the warm sunshine during these cooler winter school holidays, you could look for recreational activities that not only get you moving, but also allow for social interactions. It's a fantastic way to engage in a group of like-minded people and make new friends!

Examples of Recreational Activities

Social Activities: festivals, barbecues, parties, picnics, markets etc.

Outdoor Activities: gardening, camping, horse riding, backpacking etc.

Arts and Crafts: painting, crochet classes, weaving and beading circles, clay crafts, etc.

Finding community activities

Check out upcoming activities hosted by your local community groups and centres:

- **Your local council**
- **Your local library**
- **Community hall**
- **Botanic gardens**
- **Bunnings**
- **Environment Centre**
